

## *Giving Every Person on Earth Multiple Opportunities to Know Jesus*

*GMO's summer team in Indiana:  
Nick, Aaron, Matt, Margaret, & interns Alyssa & John*

### *God's Work in Africa*

Meet Benard, a young man in Africa who emailed me (Margaret) in June. Benard shared that he was leading a church of 12 people committed to the Lord's work and asked that I provide teaching and lessons for their growth.

As we continued emailing, I learned a lot about Benard's heart and ministry to impoverished children and local families affected by HIV/AIDS, as well as to his small flock of believers. Benard loved the information I provided through our email conversations and used many of GMO's discipleship resources to teach his congregation. I was encouraged when he shared,

*God Has blessed me and Has answered my prayers. I had been praying before meeting you to get somebody who will be guiding me on how to teach. The lessons I have received today my soul is very much blessed. May God bless you and bless you again. The lessons are self explanatory and will help me to teach. I will print them here in the Cyber Cafe and then put them in my file. I do not have my own computer that why I take long to write to you. My home is in a village that has not computer services like internet. So I board a vehicle we call them (MATATU) to travel in a distance of approximately 50 km (30 miles) to write to access internet. So please don't worry when I delay.*

A week later Benard wrote again saying,

*Our Sunday service was wonderful as witnessed God's Hand. Two new people joined us and at the end of the service they requested for prayers. They accepted Jesus. Please keep us in prayer as we are growing in the Lord. We also prayed for you and your ministry in USA.*

I am currently seeking to connect Bernard to John, a fellow Christian and GMO volunteer in his area who can provide Bibles, ministry resources and discipleship materials in his language. *Please pray that this will happen quickly!*

*Serving with you,*

***Matt & Margaret***

### **Praises & Prayer Requests:**

- **Adoption Status:** We are waiting for several government forms to be returned. Please pray for our adoption process and for God's protection over the child He has for us!
- Please pray for Benard and his ministry in Africa. Pray that we will be able to connect him with other believers in his area who can provide spiritual resources for his ministry.
- Pray for GMO as we work to connect our contacts with local churches in their area of the world.
- Continue to pray for wisdom for Matt, Nick and Aaron (pictured above), the members of GMO's Outreach Team, as they direct internet traffic to our websites.
